

BAND HOLDER

Easy installation for meters and gauges

- EASY-TO INSTALL** No trouble even on curved surfaces. (Ex: on the steering column cover or dashboard, etc.)
- HOW TO FASTEN** Fastening with double-sided tape means no need for opening holes.
- SIZE** Possible to use with meter dimensions of $\phi 52$, 60, 80mm.
- UNIVERSAL TYPE** Install meters from any manufacturer.
- FLEXIBLE NECK DESIGN** Possible to move meter backward and forward.

Size		Price
For $\phi 52$ meter	BH-52	¥1,480
For $\phi 60$ meter	BH-60	¥1,480
For $\phi 80$ meter	BH-80	¥1,780

PILLAR HOLDER

Affixing a meter to pillar A

- HOW TO FASTEN** Fasten to pillar A using supplied screw (necessary to open 5mm hole).
- SIZE** Possible to use with meter dimensions of $\phi 52$, 60, 80mm.
- UNIVERSAL TYPE** Install meters from any manufacturer.
- FLEXIBLE NECK DESIGN** Two dimensional adjustment for improved viewing

NOTE:
Depending on the type of pillar A in your model car, affixing a heavy meter may cause the meter to shake during vibration. If this occurs it may be necessary for the user to reinforce the pillar.

Size		Price
For $\phi 52$ meter	PH-52	¥1,480
For $\phi 60$ meter	PH-60	¥1,480
For $\phi 80$ meter	PH-80	¥1,780

MONITOR HOLDER

Easy installation for monitors

- EASY-TO INSTALL** No trouble even on curved surfaces. (Ex: on the steering column cover or dashboard, etc.)
- HOW TO FASTEN** Fastening with double-sided tape means no need for opening holes.
- UNIVERSAL TYPE** Install monitors from any manufacturer.
- FLEXIBLE NECK DESIGN** Two dimensional adjustment for improved viewing
- SIZE** Please refer to the following guidelines for the size of controllers that can be installed. Note that even though a size falls within the guidelines, heavy units may shake from the vibrations during driving.
